

ENVISION[®] DALLAS **PRODUCT CATALOG**

Founded in 1931, Envision Dallas is a leading North Texas nonprofit that provides employment and resources for individuals who are visually impaired. Envision Dallas focuses on providing inspiration and opportunity to more than 150,000 people who are blind or visually impaired living in its 11-county North Texas service area.

In 2018, Dallas Lighthouse for the Blind became part of the Envision, Inc. family, allowing for an expansion of services and employment for people with visual impairments. Envision is headquartered in Wichita, Kansas and has locations in 11 states. The organization is one of the largest employers of people who are blind or visually impaired in the United States.

Our guiding principle is the belief that with knowledge, training and motivation, people with visual impairments can succeed and thrive in any workplace, live productive and meaningful lives and be important contributors to their communities.

The Story of JWOD and AbilityOne

In 1938, the Wagner-O'Day act was enacted by Congress and signed by President Franklin D. Roosevelt. The act harnessed the purchasing power of the federal government to create opportunities for workers who were blind. In 1971, Senator Jacob Javits championed a revision of the act that included people with other disabilities, while adding services to the products already covered by the Wagner-O'Day Act. In 2006, the Javits-Wagner-O'Day Program was renamed the AbilityOne Program.

Today, AbilityOne is managed by the U.S. AbilityOne Commission, an independent federal agency, with assistance from National Industries for the Blind and SourceAmerica (formerly National Industries for the Severely Handicapped) in the implementation and execution of the program.

WorkQuest Creating Jobs for People with Disabilities

WorkQuest is a private, nonprofit corporation linking Texans with disabilities to meaningful employment opportunities, improving the quality of life for thousands of individuals across the state.

WorkQuest, formerly TIBH Industries, was established in 1978 to implement the WorksWonders Program legislation (HB 1673) mandating a State Use Program to promote vocational rehabilitation through special work contracts for Texans who are visually impaired.

Core Competencies

Envision Dallas is a not-for-profit agency that participates in the federal AbilityOne Program and Texas WorkQuest Program. Envision Dallas manufactures vinyl embossed U.S. military award binders, eyeglass cases, writing instruments (highlighters, permanent and dry erase markers), sewn pouches and military and safety apparel. All of these products remain in production today, primarily for use by U.S. government services, although commercial outlet channels are currently being developed.

Envision Dallas offers assembly and fulfillment opportunities that enable individuals who are visually impaired to be employed in a supply chain atmosphere. We provide a variety of supply chain services to our government, state and commercial business partners.
