Envision Dallas is a part of Envision, headquartered in Wichita, Kansas. Established in 1933, Envision has become one of the nation’s largest and most trusted service and employment providers for people who are blind or low vision.

The mission of Envision is to improve the quality of life and provide inspiration and opportunity for people who are blind or visually impaired through employment, outreach, rehabilitation, education, and research.

In addition to Envision Dallas, the Envision family consists of:

- Envision Industries, providing a steady stream of income to support our mission while furthering our goal to create employment opportunities for people who are blind or visually impaired;
- Envision Xpress, operates retail stores at 16 military bases in 10 states across the nation to help outfit and/or support the U.S. military;
- Bicknell Envision Vision Rehabilitation Center, Wichita, promoting independence and confidence by maximizing visual function from birth through adulthood;
- Gigi and Carl Allen Family Vision Rehabilitation Center, Dallas, providing comprehensive rehabilitation for people with low vision;
- Gigi and Carl Allen Envision Research Institute, filling in significant gaps in the scientific understanding of vision loss and rehabilitation;
- Envision Foundation, serving as our ambassador to the world;
- William L. Hudson BVI Workforce Innovation Center, placing an unparalleled focus on training people with vision loss, placing them into jobs and providing accessibility inclusion expertise to businesses.
- Cathy G. Hudson Envision Child Development Center, a visually integrated childcare facility serving both typically sighted and visually impaired children ages 0-5.

Through the manufacturing and sale of our products, Envision has been able to provide nearly four million hours of employment to people who are blind or low vision since 1980! Your support contributes to the success and independence of people nationwide. Engage with us at https://www.envisionus.com.
The Story of JWOD and AbilityOne

In 1938, the Wagner-O’Day Act was enacted by Congress and signed by President Franklin D. Roosevelt. The act harnessed the purchasing power of the federal government to create opportunities for workers who were blind. In 1971, Senator Jacob Javits championed a revision of the act that included people with other disabilities, while adding services to the products already covered and was renamed the Javits-Wagner-O’Day Act. In 2006, the Javits-Wagner-O’Day Program was renamed the AbilityOne Program.

Today, AbilityOne is managed by the U.S. AbilityOne Commission, an independent federal agency, with assistance from National Industries for the Blind and SourceAmerica (formerly National Industries for the Severely Handicapped) in the implementation and execution of the program.
Founded in 1931, Envision Dallas is a leading North Texas nonprofit that provides employment and resources for individuals who are visually impaired. Envision Dallas focuses on providing inspiration and opportunity to more than 150,000 people who are blind or visually impaired living in its 11-county North Texas service area.

In 2018, Dallas Lighthouse for the Blind became part of the Envision, Inc. family, allowing for an expansion of services and employment for people with visual impairments. Envision is headquartered in Wichita, Kansas and has locations in 11 states. The organization is one of the largest employers of people who are blind or visually impaired in the United States.

Our guiding principle is the belief that with knowledge, training and motivation, people with visual impairments can succeed and thrive in any workplace, live productive and meaningful lives and be important contributors to their communities.

Core Competencies
Envision Dallas is a not-for-profit agency that participates in the federal AbilityOne Program and Texas WorkQuest Program. Envision Dallas manufactures vinyl U.S. military award binders, eyeglass cases, writing instruments (highlighters, permanent and dry erase markers), sewn pouches and military and safety apparel. All of these products remain in production today, primarily for use by U.S. government services, although commercial outlet channels are currently being developed.

Envision Dallas offers assembly and fulfillment opportunities that enable individuals who are visually impaired to be employed in a supply chain atmosphere. We provide a variety of supply chain services to our government, state and commercial business partners.
