ENVISION BEGINS...

1933

Wichita Workshop and Training School for the Adult Blind is formed.

1938

Wagner-O'Day Act passes. Envision supplies pillowcases and brooms to government and U.S. Army.

1960

Expand product lines to include cleaning and janitorial supplies.

1988

Name changes to Wichita Industries and Services for the Blind.

1997

Name changes from Wichita Industries and Services for the Blind to Envision. Envision Xpress is created.

2003

Bicknell Envision Vision Rehabilitation Center opens.

2006

First annual Envision Conference held for low vision professionals.

2010

Cathy G. Hudson Envision Child Development Center opens.

2012

Envision University is formed and Envision Research introduced.

2013

Envision Research Institute is created.

2016

In May 2016, the Envision Research Institute evolves to the Gigi and Carl Allen Envision Research Institute.

2018

Envision announces its partnership with LC Industries and launches the William L. Hudson BVI Workforce Innovation Center.

2018

In April, Envision welcomes Dallas Lighthouse for the Blind, now known as Envision Dallas, into the Envision family.

CAN LINERS & BAGS

Can Liner Specs	4

----------------------	----

The Story of JWOD and AbilityOne

In 1938, the Wagner-O’Day Act was enacted by Congress and signed by President Franklin D. Roosevelt. The act harnessed the purchasing power of the federal government to create opportunities for workers who were blind. In 1971, Senator Jacob Javits championed a revision of the act that included people with other disabilities, while adding services to the products already covered and was renamed to the Javits-Wagner-O’Day Act. In 2006, the Javits-Wagner-O’Day Program was renamed the AbilityOne Program.

Today, AbilityOne is managed by the U.S. AbilityOne Commission, an independent federal agency, with assistance from National Industries for the Blind and SourceAmerica (formerly National Industries for the Severely Handicapped) in the implementation and execution of the program.

Choose the right can liner

Function & Application

Use High Density Polyethylene (HDPE) for smooth & non-sharp materials:

- Cans without sharp edges, food without sharp edges
- Grass, rags, smooth objects
- Paper plates, cups, towels, office debris

Use Linear Low Density Polyethylene (LLDPE) for rough & sharp materials:

- Plastic eating utensils, food with rough edges
- Sticks, rough yard trimmings, or glass
- Metal with sharp edges

Size

What size container does the liner need to fit?

- Check the gallon capacity or size printed on your container
- 3" to 4" overhang over the top of the trash receptacle is recommended

Strength

How much does the liner need to hold?

- Look at the "Gauge" and "Strength" columns in the tables in this catalog to determine the strength of the bag you need.

Duty Rating by Thickness

Linear Low Density (LLDPE)	Mil
Regular	0.30 to 0.50
Medium	0.51 to 0.75
Heavy	0.76 to 1.00
Extra Heavy	1.01 to 1.30
XX-Heavy	1.31 to 1.50
Super Heavy	1.51+

High Density (HDPE)	Mic
Regular	6 to 8
Medium	9 to 11
Heavy	12 to 15
Extra Heavy	16 to 20
XX-Heavy	21 to 24
Super Heavy	25+

Max-Performance Can Liners

When superior dependability is required, these liners are the reliable choice!

- Made for durability, puncture and tear resistance
- Contains a proprietary blend of linear low density resins and a minimum of 10% Post-Consumer Recycled Material

Capacity Gallons	Part #	NSN #	Size	Gauge (Mil)	Strength	Color	Quantity Per Case
7-10	GPBF-001	8105-01-195-8730	24" x 23"	0.50	Regular	Clear	250
33	GPBF-002	8105-01-183-9768	33" x 39"	0.75	Medium	Clear	125
33	GPBF-003	8105-01-183-9769	33" x 39"	1.20	Extra Heavy	Brown	125
34	GPBF-004	8105-01-150-6256	32" x 44"	1.25	Extra Heavy	Clear	125
37	GPBF-005	8105-00-579-8451	36" x 38"	0.50	Regular	Clear	100

Our Max-Performance Can Liners supply the greatest percentage of direct labor hours for employees who are blind or visually impaired.

Pro-Performance LLDPE Can Liners

A great application for sharp and jagged objects

- Coreless roll can liners save storage space
- Puncture and tear resistant

LLDPE ROLL BAGS

Insect Repellent Bags

A solution for the prevention of insects and pests

- Recycled linear low density, minimum of 30% post-consumer recycled material
- Contains non-toxic and non-DEET natural fragrance oils
- Safe for food handling establishments
- Puncture and tear resistant

Capacity Gallons	Part #	NSN #	Size	Gauge (Mil)	Strength	Color	Quantity Per Case
33	IBF-3020C	8105-01-534-6828	33" x 40"	2.00	Super Heavy	Clear	90

Environmental Solutions

Envision offers four environmental solutions to fit your waste management needs:

- **ECO126™ High-Quality Recycled Can Liners**
- **Total Recycled Content Bags**
- **ASTM 6400 Compostable Bags**
- **Controlled Life-Cycle Bags**

Envision's ECO126™ recycled can liners, recycled content bags, and compostable bags are designed for specific purposes. Depending on planned use and intended disposal (landfill or compost), Envision provides you with waste management options.

Recommended user's guide

Multi-Purpose (daily use)

- ECO126™
- Total Recycled Content
- Controlled Life-Cycle Plastic

Recycling (blue bin)

- ECO126™
- Total Recycled Content
- Controlled Life-Cycle Plastic

Landfills

- ECO126™
- Total Recycled Content
- Controlled Life-Cycle Plastic

Composting (commercial)

- Compostable

Organic Waste (green bin)

- Compostable

Contains Renewable Resource (biobased) Materials

- Compostable

ECO126™ High-Quality Recycled Can Liners

- Consistent, high-quality recycled material from a closed-loop process, which typically allows for lower-gauge material to perform as well as a non-recycled liner – resulting in less plastic
- Compliant with Environmental Protection Agency (EPA) Procurement Guidelines

Capacity (Gallons)	Part #	NSN #	Size	Gauge (Mil)	Strength	PCM%	Color	Quantity Per Case
10	ECO233130N	8105-01-662-6361	23" x 31"	0.30	Regular	30	Natural	1000
23	ECO284559N	8105-01-662-6362	28" x 45"	0.59	Medium	70	Natural	250
33	ECO333959N	8105-01-662-7122	33" x 39"	0.59	Medium	70	Natural	250
44	ECO364759N	8105-01-662-7124	36" x 47"	0.59	Medium	70	Natural	250
40-45	ECO404670N	8105-01-662-7928	40" x 46"	0.70	Medium	70	Natural	100

Total Recycled Content Bags

Puncture and Tear Resistant

- Made with 100% recycled LLDPE material, minimizing the input of plastic and resins into our waste system
- Reliable strength and durability for heavy workloads
- Made with a minimum of 30% post-consumer recycled material (PCM)

ASTM 6400 Compostable Bags

- Engineered for the collection and composting of organic waste in commercial compost facilities*
- Third-party certified to compost quickly and safely in modern shorter term compost systems
- Meets the requirements of ASTM D6400 testing
- Certified by the US Composting Council and the Biodegradable Products Institute

** Appropriate commercial composting facilities may not be available in your area*

Capacity (Gallons)	Part #	NSN #	Size	Gauge (Mil)	Strength	Color	Quantity Per Case
13	ASTM-1545	8105-01-568-1545	24" x 30"	0.85	Heavy	Green	45

48	ASTM-1548	8105-01-568-1548	42" x 48"	0.85	Heavy	Green	40
64	ASTM-1547	8105-01-568-1547	48" x 60"	0.85	Heavy	Green	30

Controlled Life-Cycle Bags

- Made from a modified linear low density polyethylene (LLDPE) material, suitable for landfill disposal
- Puncture and tear resistant
- Best choice when additional strength and durability are required

Capacity (Gallons)	Part #	NSN #	Size	Gauge (Mil)	Strength	Color	Quantity Per Case

33	DGB-39M40	8105-01-560-4933	33" x 44"	1.10	Extra Heavy	Brown	40

Medical Isolation Bags

Ideal for hospitals, doctor's offices, dental clinics and nursing home waste management programs

- Designed for heavy-duty infectious waste, infectious linen and non-contagious linen management
- Isolation bags are linear low density
- Tear and puncture resistant
- Imprinted with English and Spanish to help ensure safety and proper use

Meets DOT requirements 49 CFR Section 173.197 (10 gallon to 40-45 gallon bags)

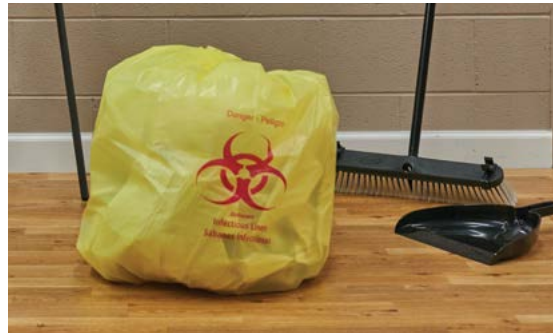

Infectious Waste Collection

Rush Service

Envision offers an optional RUSH Service for printing your priority business card order.

This service turns your order in 3 business days or less and then ships via Overnight Courier which delivers by 10:30 a.m. (noon in the DC area) on the 4th business day morning, all for a surcharge of \$25.

This applies to a single order and up to 12 boxes of cards.

**Tent style cards are delivered flat per industry standard*

** Braille Embossing

Dots up on front or back side. Braille is limited to four lines of 13 characters/spaces each and typically has no punctuation or capitalization.

Envision uses Computer Braille for email addresses, and Grade 2 English Braille which utilizes "contractions" for common groups of characters.

Braille is charged at \$25.00 per box flat rate.
