Envision gave me a spark:

I was previously involved with their programs where they showed me I can do anything anyone who is typically sighted can do. Envision offers employment for those who are blind and visually impaired, and working for a company which I already was involved with and which has had such a profound impact on my life has been great.”

- Andy, Customer Service Representative at Envision

Encouraging Success

We are committed to providing a benefits program that is both competitive and flexible enough to meet the needs and priorities of our diverse employee group. We are confident the programs we offer will give all employees a choice about issues that affect their lives most – their welfare and that of their families.

As one of the largest employers of workers with visual impairments, Envision also offers relocation services, job training and education assistance. Envision believes employees are an asset worth investing in, and in addition to our comprehensive benefits package, Envision promotes upward mobility, education and advancement opportunities.

Who We Are

Envision is an integrated community of people who are blind, low-vision and typically-sighted. We find joy and inspiration in our work every day, and firmly believe that people who are blind or visually impaired deserve a voice.

Envision is comprised of multiple branches that support our mission:

**ENVISION INDUSTRIES** manufactures products which are shipped and utilized all over the world. Product lines include trash bags, gun slings for the U.S. government, a pet product line, sustainable party products, disaster relief aids and more. Envision Industries also includes Envision Xpress, which operates retail stores at 16 military bases across the country and Envision Print, which produces millions of business cards monthly.

**THE ENVISION VISION REHABILITATION CENTER (EVRC)** offers comprehensive, state-of-the-art services to enhance the independence for people who are blind or visually impaired.

From mobility training to occupational therapy and more, the EVRC helps patients maintain quality of life.

**THE ENVISION CHILD DEVELOPMENT CENTER (ECDC)** Our talented Envision Child Development Center staff works together in a collaborative environment which integrates both students who are visually impaired and typically-sighted to support the development of all students. The ECDC is sectioned into four age groups: nursery, one to two years old, two to three years old and preschool.

**ENVISION FOUNDATION** offers a variety of outreach events and programs to educate the public about eye health, as well as provide a place where individuals who are visually impaired can join together and learn from one another. It is also the fundraising arm of Envision, with 100% of the proceeds it raises going directly to programs and services.

**ENVISION BROADCAST NETWORK (EBN)** is the outward communication outlet for Envision. EBN includes KKGQ 92.3 FM, a radio station based in downtown Wichita which features programming from and for individuals who are blind or visually impaired, and the best mix of 90s to now music that reaches approximately one million listeners.

Transforming Lives

Providing meaningful, rewarding jobs for the over 65% of individuals who are visually impaired and face unemployment is just one of the many ways Envision transforms lives.

Employees with vision impairments work in manufacturing, retail, print, customer service, administrative services and more. At Envision, typically-sighted and visually impaired employees work alongside one another, united under a shared mission. No matter what their level of sight, Envision positions each employee for success with adaptive technology and facilities. The focus at Envision is always on each individual’s ability, not their disability.
